NOTE: VENDOR INFORMATION HAS BEEN CHANGED

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

FOR STATE AGENCIES: TO OBTAIN AUTHORIZATION TO USE THIS CONTRACT, CONTACT AL SHERWOOD, CIO OFFICE, (801)538-1195 OR E-MAIL ASHERWOO@GOV.STATE.UT.US

**Registration**

Digital Signature Trust Co. (DST) will support multiple methods for certificate registration. DST is currently supporting online and in-person authentication methods for the US Governments and commercial clients. For the State of Utah PKI, DST will support the following methods:

- In-Person Presentment to an Approved Notary or Bank registration Agent
- Local Registration Agent Authentication within the Government sector
- Online Application through DST

In-Person Application

- Applicant submits identity information to DST through web site using an SSL encrypted session to ensure confidentiality during transmission
- Applicant also prints out information, has it verified through a bank or notarized and mails to DST
- DST performs identification and authentication (I & A) on applicant and bank official or notary
- DST sends an out of band (US Mail) notification with activation codes
- Applicant returns to DST and retrieves their certificate online.

Agency/Local Registration Agent (within a government agency)

- Once the ARA/LRA has been authenticated by DST, that person will perform the registration duties for individuals within their agency/public entity
- The ARA/LRA will also have the authorization to request renewals and revocations on behalf of their agency/public entity

Online Application

- Applicant submits identity information to DST
- DST performs I&A on applicant
- DST sends an out of band (US Mail) notification with the activation codes
- Applicant returns to DST and retrieves their certificate

*All certificates are valid for one year.			
SSL Certificates are \$175.00 per year up to quantity 250			

The pricing for *TrustID*® certificates is the same regardless of the type of authentication used. DST will offer this pricing for the following types of authentication:

- In-Person with a Notary or Bank Registration Agent
- In-Person with a County Clerk or other Agency Registration Agent
- Online through DST

Individual *TrustID*® certificates authenticate the identity of the individual. Business *TrustID*® certificate, in addition to verifying an individual's identity, verifies their association or affiliation with an agency or business.

The maximum price per Personal *TrustID*® certificate during the first year of the contract will be \$15.00. If the STATE does not reach its target volume of 5,000 certificates during that year, the maximum price will be determined for the next subsequent year based upon the Schedule 1 pricing schedule and the level of certificates reached in the previous year. For example, if 900 certificates are issued in the first year (at \$15.00 per certificate), then the following year certificates will be priced at \$18.00 per certificate until the next discount level is reached. If the State exceeds its 5,000 certificate target at any time during the first year the price of new certificates will be immediately reduced according to Schedule 1 pricing volumes.
